Euphuria Pet Salon — Giving Back to the Community, Four Paws at a Time!

Adoptee Before.

Voted best in Los Angeles Magazine in 2005, Euphuria Pet Salon has been pampering its four pawed clientele for over 11 years. The dedicated staff is committed to providing the most luxurious and beneficial beauty and wellness services available to your pets.

Every month, in addition to beautifying dogs and cats, owner and groomer Lisa Bodhaine and her dedicated staff donate their time and services to the community by grooming dogs from the Baldwin Park Animal Shelter and the East Valley Animal shelter. The clan of groomers set up shop in the shelters and also at their store (imagine the frenzy of snipping, teasing and primping). The end result: they make magic happen through miraculous dog makeovers.

Adoptee After. Pup was adopted!

“This is such rewarding work,” Lisa says. “It’s amazing to see how cute the dog really is after grooming. And this can make all the difference in making dogs more adoptable.”

Raving Yelp Reviews:

“My dog gets stinky and dirty and Euphuria makes him shine like the top of the Chrysler Building.”

“They are kind to my baby and show her love, so in return, they will get my continued support.”

“I’ve never seen a dog happy to go to the groomers until I took my dog to Euphuria.”
